Assignment

Write a final paper, 3500-5000 words long, which has a minimum of 10 citations. Breakdown as follows: 1) 6 peer-reviewed scholarly works found in the library; 2) 4 other sources like newspaper articles, visual materials, blog posts, policy reports, etc. Internet and other informal sources (like grey literature) are allowed as additional sources.

ARG > Academic Articles

Anthropology Plus: an excellent starting point for peer-reviewed scholarly works in Anthropology.

AnthroSource: Current issues of the American Anthropological Association's journals and bulletins, as well as archived issues of all the AAA's journals, newsletters and bulletins.

Article Databases in Related Disciplines [tab]: This tab features a bunch of useful databases (think of each as a miniature search engine) on different disciplines related to Anthropology. Search in these if you have an interdisciplinary topic that intersects with Anthropology, e.g. PubMed for medicine.

ARG > Ethnographies

eHRAF World Cultures: Contains ethnographic collections, organized by regions, subregions, and cultures, covering all aspects of cultural and social life, on hundreds of groups of people from around the world.

Keyword Search Tips

Avoid the ‘Google sentence’ when searching in a database. Databases interpret searches more literally than Google, so start with 1-2 keywords. Add more words to refine a large list of results.

In most databases, “Quotation marks” around words searches for the words in that “exact phrase sequence,” e.g. “ethnographic fieldwork.” Quotes work best on short (2-3 word) and common terms.

Asterisk “*” searches every ending to a word, so market* finds market -er, –ed, -ing, and -s.

AND = fewer results. Example: marriage AND ritual ← both terms must be in each result.

OR = more results. Example: marriage OR ritual ← only one term must be in each result.

UC-eLinks: Finds and links out to full-text articles in other UCI-licensed databases, OR it directs you to a form to request via Inter Library Loan (ILL requires having a UCInetID/password.)
